

# Oil Maker Machine For Our Home Use

Live with Nature

**Using Refined Oil for cooking at home contains trans fat which is very harmful to health. So it is recommended to use pure oil that is extracted by oil press machine.**

Since most of the oil brands in the market are filled with some kind of preservatives and coloring agents that can cause severe health issues after prolonged use, it is highly advised to get the best oil extraction machine for home in India.

**Keep Healthy & Keep Smiling** 😊

**SMART EXT** Creating the technology for extracting oil from Seeds and Nuts.

We are ensuring the Healthy Environment through our Oil maker Machine for our Home use

Without adding chemicals, our Smart Ext Oil Maker, gives 100% natural & purified oil of Peanut oil, coconut oil, sesame oil, soybean oil, walnuts oil, sunflowers seeds oil, vegetable seeds oil, flax seeds oil, almond oil, mustard seeds oil and much more.

## Healthy Environment at Your Door Steps

**SMART EXT** is home appliance brand that has a lineup of Eco-friendly products at its sleeve.

**SMART EXT** oil extracting machine works with almost all types of ingredients (seeds) and comes at an affordable price.

## SAVE OUR GENERATION WITH SMART EXT

The device comes with food grade stainless steel material that ensures pure and hygienic oil.

### Capacity:

The machine comes with extraction capacity of up to 4 to 8 kg/hr, which is pretty useful.

### Motor Power:

The **SMART EXT** oil pressing device comes with a motor power of 600 Watt, which is considered excellent as you can easily extract oil even from hard ingredients like Coconut, Olives etc...

### Weight:

The **SMART EXT** oil maker is a bit heavy at around 13 Kg. But, considering the size of the machine, it seems normal. The company suggests giving the machine rest for 1 hour after using it for 5 to 6 hours continuously.

### Benefits of Having Oil Press Machine at Home

- ❖ Can produce fresh, pure and healthy edible oil without any preservatives or harmful chemicals anytime you want.
- ❖ Supports oil extraction from different varieties of seeds and nuts as per your wish.
- ❖ No more worries about unadulterated oils.
- ❖ Temperature adjustment helps you choose between hot press or cold press oil for additional health benefits.
- ❖ After pressing, the left-over seeds turn into a solid cake form. It is very rich in protein and fiber. You can use the husk or residual cake in your recipes for better nutrition or simply use the excess pulp as organic manure for your home plants.

### Why Choose SMART EXT

- ❖ Installation & Home Demo at your door steps
- ❖ Food Grade Stainless Steel Material
- ❖ Digital Temperature Adjustment
- ❖ 50% Oil Extraction Efficiency
- ❖ Less Noise
- ❖ Service centers at your nearest.
